1. COMPANY INTRODUCTION

1.1 History

Oxford Pipework Services Ltd (*OPS*) was formed in August 1998, as a company it offers a wide range of services to both Contractors and Consultants in the development and installation of mechanical services.

To date the company has been most successful in the completion of numerous projects, often within both demanding and difficult situations, i.e. Occupied premises/offices, restrictive/ phased and fast track programmes, complex design(s) installation and listed structures/buildings.

At current OPS operate with a directly employed workforce of over 30 highly trained personnel including welders, fitters, plumbers, fabricators, improvers and assistants complemented by trusted sub-contractors we offer wide ranging and flexible capabilities.

1.2 What we do

At Oxford Pipework Services we specialise in the design, install and commissioning of commercial and industrial systems. As a company we are committed to offering first class services. This is reflected in a high level of repeat business.

1.3 Our vision

OPS is a quality driven company committed to continuous improvement in the delivery of each and every project. We strive to regularly review, develop and improve our services.

1.4 Facilities

Premises include prefabrication and workshop facilities to undertake the majority of pre-fabrication/manufacturing/installation requirements. With a directly employed workforce of over 30 (Welders, Fitters, Plumbers, Fabricators, improvers & Assistants) supplemented by a range of tried and tested agency staff we boast wide ranging and flexible capabilities, the company is also Gas Safe "Industrial" Registered.

1.5 Accreditation

OPS Ltd. strives to ensure all employees are fully trained in a range of Core Skills, covering such activities/operations as: Access Scaffold erection (PASMA), Mobile Elevated Working Platforms (MEWP - IPAF), Forklift Truck Driving, Grinding Wheel Removal/Replacement Face Fitted (Dust Masks to UVEX Silvaire 210), First Aid, Asbestos Awareness, Class I & II Welding (Arc & MAG), Gas Safe (Industrial), also offered are opportunities for further educational training both "on-site at our office". Recently completed courses include Site Supervision SSSTS, Project managers SSMTS. All our Design Engineers are Degree qualified and hold membership and accreditation with the Chartered Institute of Building Services Engineers (CIBSE).

2. ORGANISATION & WORKFLOW CHART

3. WHAT OUR CLIENTS SAY

“Kingerlee Ltd have worked with Oxford Pipework Services on many contracts in, and around, Oxford, and have always found them to be efficient, courteous and proficient in their work.

We would have no hesitation in recommending them to other building contractors or clients.”

Clive Wiggins

Director

Kingerlee Ltd

“Oxford Pipework did good work and were helpful throughout. The plant rooms are a vast improvement and they worked well in a busy environment”

David Dancer

Oxford University Estates Services

“Oxford Pipework Services have worked at Oxford Brookes University over the last eight years providing excellent service throughout. They have carried out various projects and have always completed each job to our satisfaction, on time and on budget.

In my experience, Oxford Pipework Services are more than capable of undertaking mechanical services work for maintenance and capital projects ranging from £500 to £500,000.

Ray Blackford

Mechanical Services Manager

Oxford Brookes University

“The installation quality, ability to hold direct labour, using a wide array of material for varying services and their ability to produce quality prefabrication works, OPS were able to maintain the pace of the programme, incorporate various client design changes and provide a sound pipework system for the flushing and commissioning process to continue.”

David Taylor

Project Manager

Crown House Technologies LTD

“Oxford Pipework are one of our preferred Mechanical Sub-contractors and we have worked successfully with them for several years. Collaboration is a key part of our ongoing relationship and this starts at tender, all the way through installation and up to handover. OPS are thorough in everything they do and the standard of their installations on site is very high. I would not hesitate in recommending OPS for any Mechanical projects going forward.”

Stephen Fifield

Associate Director

Darke & Taylor

“Oxford Pipework Services (OPS) have worked for me on several projects over the past 20 years.

I can confirm OPS have performed very well on all of our projects.

The quality of the OPS installers is second to none.”

Peter Collier

Principal Building Services Manager

Wates Construction

“My sincere thanks to Oxford Pipework for a smooth, collaborative and well delivered contract.”

Paul Basset

Project Manager Special Projects

Beard Construction

“Oxford Pipework did good work and were helpful throughout. The plant rooms are a vast improvement and they worked well in a busy environment”

David Dancer

Oxford University Estates Services

4. MECHANICAL BUILDING SERVICES DESIGN

Our in-house Design Engineers utilise the latest industry recognised software, technology and preferred partners enabling us to provide a full design and build package for all building services.

Our Project Engineers have consultancy experience and are well rehearsed with the latest computer aided drafting and design packages.

This in-house design capability adds value to our projects at every stage of a project and allows us to respond quickly and confidently to variations without adding delays to the project.

5. MECHANICAL CONTRACTING, INSTALLATION & COMMISSIONING

We have a wide range of experience delivering commercial and industrial mechanical building services systems to a varied client base in different sectors.

The type and size of contracts we involve ourselves in cover the majority of the industry and include commercial, private, healthcare, education, MOD and leisure.

Our tried and test supply chain has developed through strong relationships with our preferred sub-contractors and suppliers. These relationships give us confidence in our problem-solving ability and quality of installation.

6. MANUFACTURING & PREFABRICATION

Our 600m² facility dedicated to prefabrication includes 4 welding bays, bracketry assembly station, valve assembly station and a profile cutting and drilling bay.

This workshop in Oxford allows us to build modules and sections off site before transporting them to site for installation by our team.

By manufacturing off-site, we are able to reduce site waste and time on site while having greater control of the engineering standard and providing a safer working environment for our installers.

7. CURRENT & RECENTLY COMPLETED PROJECTS

7.1 Current Projects

Bardwell Court, St Johns College – Feltham Construction

Mechanical and Plumbing services installation for the conversion of Townhouses into Luxury flats.

OPS Contract Value £334,000.00

Oxis Culham – Chiltern Air Management

Mechanical and Plumbing services installation for the conversion of Townhouses into Luxury flats.

OPS Contract Value £60,000.00

Pembroke College – Beard Construction

Enabling works / external services diversions for accommodation block.

OPS Contract Value £34,000.00

Floyds Row – Oxford Direct Services

Mechanical and Plumbing services installer and alterations as part of this homeless shelter refurbishment.

OPS Contract Value £197,000.00

Headington Girls School – Arts Block and Lecture Theatre – Beard Construction

Mechanical and Plumbing services to this new build project.

OPS Contract Value £611,000.00

Grove Academy – Wates Building Services

Mechanical and Plumbing services to this new build academy school.

OPS Contract Value £1,050,000.00

Rex Richards Building, University of Oxford – Beard Construction

Mechanical services installations as part of this refurbishment project including fume cupboards and ventilation, specialised lab gasses, vacuum systems, processed chilled water, air conditioning.

OPS Contract Value £1,195,000.00

Ramsbury Manor – Ellis & Co

Replacement of main heating plant and refurbishment of manor house courtyard buildings.

OPS Contract Value £369,000.00

The Jam Factory – Benfield & Loxley

Mechanical, plumbing and sanitaryware installation as part of his conversion into office space. Services throughout exposed to view.

OPS Contract Value £643,000.00

The Global Retreat Centre – Life Build

Mechanical Services complete with satellite plantrooms, external pre-insulated underground heating pipework, commercial kitchen and 75+ ensuite bedrooms.

OPS Contract Value £1,343,000.00

Siemens – Darke and Taylor

Mechanical Services installations to new Siemens Healthcare Test Facilities.

OPS Contract Value £142,000.00

7.2 Recently Completed Projects

Begbroke Science Park – Darke and Taylor

Mechanical services installations to the science laboratories including heating, mechanical ventilation, fume extract and domestic water services.

OPS Contract Value £298,000.00

Wytham Laboratories – Oxford University- GE Baker Ltd

Mechanical services installations to the science laboratories including heating, Chilled Water, RO water, Mechanical Ventilation etc

OPS Contract Value £447,000.00

St Johns College – Dolphin Quad – Savvy Construction

Mechanical and Plumbing services to provide student accommodation within a listed building

OPS Contract Value £210,000.00

Botanic Gardens - Oxford University

Heating replacement in Glasshouses

OPS Contract Value £60,000.00

Abbey School – Feltham Construction

Mechanical and plumbing services to Lecture Theatre and classrooms

OPS Contract Value £270,000.00

8. NOTABLE PROJECTS

8.1 Education

Abbey Junior School – Feltham Construction

Mechanical services to the extensions and refurbished areas creating classrooms and entrance areas.

OPS Contract Value £186,000.00

St Edwards School, Windsor – Fraser Walker Associates (OPS Main Contractor)

Heating and water services replacement during school shutdown periods.

OPS Contract Value £126,000.00

Sinclair Building & Annexe – Oxford Brookes University – EG Carter Construction

Major refurbishment of Teaching Laboratories, Office Areas, Toilet Cores etc, services installations include heating, mechanical and natural ventilation, fume extract ventilation, water services (laboratory and domestic), and lab gasses.

OPS Contract Value £1,200,000.00

Magdalen College School – New Sixth Form Centre – Feltham Construction

Complete mechanical services installations to a new build Sixth Form Centre

OPS Contract Value £350,000.00

Thom Building (Physics) – Oxford University

Installation of a chilled water-cooling system and the replacement of existing hot and cold-water services main plant and distribution pipework.

OPS Contract Value £345,000.00

Headington School, Library – Beard Construction

Complete mechanical services installations to a new build library

OPS Contract Value £220,000.00

Sherrington Building –Direct to OUED

Replacement of Hot and Cold-Water pipework to all outlets within the building

OPS Contract Value £280,000

Walton High School – Wates Construction

Complete mechanical and plumbing services installations to a new school

OPS Contract Value £770,000.

Henley College D6- Direct

New Boiler room

OPS Contract Value £73,000

Headington Prep School - Phase 2 and 3 –Kingerlee Ltd

New build/expansion and refurbishment of existing mechanical and plumbing services installations.

OPS Contract Value £345,000

John Mason School – Ridge & Partners LLP (OPS Main Contractor)

Condition survey and report, replacement of main plant and distribution services in several buildings across the site.

OPS Contract Value £520,000.00

Music Faculty –OUED Direct

New Boiler room

OPS Contract Value £64,000

Chiltern Skills – Kingerlee Ltd

New build and refurbishment to special skills school

OPS Contract Value £420,000

Headington School - Headington ICT Building

Complete Mechanical and plumbing services installations within a new purpose-built ICT building.

OPS Contract Value £363,000

Headington School, Dance and Fitness Centre – Beard Construction

Complete mechanical services installations to a new build Dance and Fitness Centre

OPS Contract Value £436,000

Carterton Community College - Boiler Replacement Works

Installation of new gas fired boilers and biomass boiler with pellet feed system including associated pipework and controls.

OPS Contract Value £216,000

OCVC Banbury College - Refurbishment of arts and crafts building

Complete mechanical and plumbing services installations including controls, domestic services LTHW Heating and Finned tube, above ground drainage, Gas installation and Natural Ventilation system

OPS Contract Value £527,000

Oxford Pipework Services Ltd
Telephone: 01865 407812
info@oxpipe.co.uk

8.2 Laboratories

Denys Wilkinson Building, Laser Labs – Beard Construction

Mechanical services installations and alteration of existing systems as part of this lab area conversion, services including process cooling, ventilation and compressed air.

OPS Contract Value £109,000.00

Reading University JJT Building – Francis Construction

Mechanical services installation for new laboratories including heating, ventilation and laboratory gases.

OPS Contract Value £320,000

Oxford University- Kennedy Building

Kennedy building of Oxford University, encompassing LTHW heating, Chilled Water and Domestic services to Laboratories Offices.

OPS Current Contract Value £1,017,000

Oxford Earth Sciences

New Build Science Facility for the Earth Sciences department of Oxford University, encompassing LTHW heating, Chilled Water and Domestic services to Laboratories Offices and General Teaching Facilities

OPS Current Contract Value £745,000

Oxford Pipework Services Ltd
Telephone: 01865 407812
info@oxpipe.co.uk

8.3 National Trust & Listed Buildings

Dyrham Park (National Trust Property) – Ken Biggs Ltd

Heating and Automatic Controls upgrade, new external plantroom and external interconnecting heating mains

OPS Contract Value £290,000.00

Blenheim Palace Phases 1 to 4 ongoing – Direct to Client

Hot Water Plant Replacement and installation of Boosted Cold Water Plant, Heating plant replacement and phased replacement of heating throughout the Palace.

OPS Contract Value £730,000.00 to date.

The Burford Priory

The full renovation of a listed Priory in rural Oxfordshire. The installation of heating, domestic services, drainage, ventilation and controls for the Rupert Murdoch family

OPS Contract Value – £420,000.00

Hanwell Castle – RG Smith & Co

Mechanical and plumbing services associated with the refurbishment and extension of a private dwelling.

OPS Contract Value £475,000.00

Bodleian Library – OUED via Michael J Lonsdale

New pipework to the complete refurbishment

OPS Contract Value £1,100,000

Sheldonian Theatre – Oxford University Estates Services

Refurbishment and enhancement of ventilation systems

OPS Contract Value £95,000.00

Ashmolean Museum – Beard Construction

Toilet area refurbishment and introduction of heat recovery ventilation within sensitive areas.

OPS Contract Value £16,000.00

Oxford Pipework Services Ltd
Telephone: 01865 407812
info@oxpipe.co.uk

8.4 Residential

Soundess House – RJ Smith & Co

Mechanical and plumbing services associated with the refurbishment and extension of a private dwelling.

OPS Contract Value £135,000.00, ongoing by negotiation.

Upper Woodside House – HA & DB Kitchin

Mechanical and plumbing services associated with the refurbishment and extension of a private dwelling.

OPS Contract Value £198,000.00

Farmington Lodge – Direct to Client

Full mechanical and plumbing services installation associated with the refurbishment and extension of a private dwelling.

OPS Contract Value £314,000.00

Northend Court, Buckingham – Vale of Aylesbury Housing Trust

Heating distribution replacement throughout communal areas and flats including the installation of heat interface units in each flat.

OPS Contract Value £290,000.00

Christchurch College Oxford – Student Accommodation

Complete refurbishment of 4 staircase accommodation blocks, including hot and cold-water services, heating, ventilation and soil and waste systems. Including the assembly and installation of 74 no shower room pods.

OPS Contract Value £650,000

Charlbury Road, Oxford – Knowles & Son Ltd

Mechanical and plumbing services associated with the refurbishment and extension of a private dwelling.

OPS Contract Value £140,000.00

Hertford College Accommodation – Benfield and Loxley

Mechanical and plumbing services installation to Post Graduate accommodation.

OPS Contract Value – £350,000.00

Oxford Pipework Services Ltd
Telephone: 01865 407812
info@oxpipe.co.uk

8.5 General Commercial and Industrial

Oriental Institute – Oxford University Estates Services

Heating system replacement throughout library and study areas.

OPS Contract Value £156,000.00

UKAEA Culham Science Centre – UKAEA (OPS Main Contractor)

Replacement of main air handling and pressurisation plant within plantroom area.

OPS Contract Value £145,000.00

Farnborough Exhibition Hall – Wates Building Services

Heating, Chilled, Gas services to main plant and Public Health Services to core areas

OPS Contract Value £1,335,000.00

Winnersh Triangle – Wates Construction

Mechanical (160 Fan Coil Units) and Plumbing Services installations to a 4-story office block

OPS Contract Value £680,000.00

Metropolitan Police Training Centre –Michael Lonsdale

Roof and Riser pipework Module Build

OPS Contract Value £550,000.00

Oxford University Press – Direct to Client

Replacement of roof mounted chillers and condensers, associated pipework and electrical works.

OPS Contract Value £490,000

Brighton Grange- RJ Smith & Co Construction

New house with all new services heating, domestics, drainage and ventilation.

OPS Contract Value £200,000.00

West Berkshire Museum-Feltham Construction

Refurbishment of existing Museum

OPS Contract Value £180,000

ISIS Centre –Oxford NHS

New plant room services.

OPS Contract Value £74,000

Oxford Pipework Services Ltd
Telephone: 01865 407812

10. HEALTH & SAFETY & ENVIRONMENTAL POLICY

Oxford Pipework Services Limited

Health and Safety Policy Statement

The following is a statement of the organisation's health and safety policy in accordance with Section 2 of the Health and Safety at Work etc. Act 1974.

It is the policy of Oxford Pipework Services Limited and Oxford Pipework Services to ensure so far as is reasonably practicable, the health, safety and welfare of all employees working for the company and other persons who may be affected by our undertakings.

Oxford Pipework Services Limited and Oxford Pipework Services acknowledge that the key to successful health and safety management requires an effective policy, organisation and arrangements, which reflect the commitment of senior management. To maintain that commitment, we will continually measure, monitor and revise where necessary, an annual plan to ensure that health and safety standards are adequately maintained.

The Health and Safety Co-ordinator will implement the company's health and safety policy and recommend any changes to meet new circumstances. Oxford Pipework Services Limited and Oxford Pipework Services recognise that successful health and safety management contributes to successful business performance and will allocate adequate finances and resources to meet these needs.

The management of Oxford Pipework Services Limited and Oxford Pipework Services look upon the promotion of health and safety measures as a mutual objective for themselves and employees. It is therefore, the policy of management to do all that is reasonably practicable to prevent personal injury and damage to property. Also, the organisation aims to protect everyone, including visitors and members of the public, insofar as they come into contact with our activities, from any foreseeable hazard or danger.

All employees have duties under the Health and Safety at Work etc. Act 1974 and are informed of their personal responsibilities to take due care of the health and safety of themselves and to ensure that they do not endanger other persons by their acts or omissions. Employees are also informed that they must co-operate with the organisation in order that it can comply with the legal requirements placed upon it and in the implementation of this policy. Oxford Pipework Services Limited and Oxford Pipework Services will ensure continued consultation with the workforce to enable all viewpoints and recommendations to be discussed at regular intervals.

The organisation will ensure a systematic approach to identifying hazards, assessing the risks, determining suitable and sufficient control measures and informing employees of the correct procedures needed to maintain a safe working environment.

We will provide, so far as is reasonably practicable, safe places and systems of work, safe plant and machinery, safe handling of materials and substances, the provision of adequate safety equipment and ensure that appropriate information, instruction, training and supervision is given.

We regard all health and safety legislation as the minimum standard and expect management to achieve their targets without compromising health and safety.

Oxford Pipework Services Limited and Oxford Pipework Services will review the Health and Safety Policy and Environmental Policy annually.

Issue 2

Oxford Pipework Services Limited

Environmental Statement

Oxford Pipework Services Limited and Oxford Pipework Services recognise the need for sustainable development and continually aims to improve the environmental effect of its activities, to achieve this we will: -

Establish sound environmental management by: -

- Meeting or improving upon relevant legislative, regulatory and environmental codes of practice.
- Developing objectives that target environmental improvements and monitor performance by regular review.
- Considering any environmental issues in the decision-making process.
- Developing a relationship with suppliers and contractors so that we all recognise our environmental responsibilities.
- Educating staff so that they carry out their activities in an environmentally responsible manner.

Provide for the effective use of resources by: -

- Promoting waste minimisation by recycling or finding other uses for by-products whenever economically viable.
- Promoting the efficient use of resources, energy and fuel throughout the organisation's operations.

Co-operate with: -

- The communities in which we operate.
- The Government, regulatory bodies and other interested parties with the shared vision of being a good and trusted neighbour.

Oxford Pipework Services Limited and Oxford Pipework Services will review the Health and Safety Policy and Environmental Policy annually.

11. TRAINING & CERTIFICATION

11.1 Training

OPS is committed to the ongoing improvement of employee skills which encourage personal growth as well as ensuring the company complies with any current regulations/legislation.

Training covers the qualifications required within the industry with all on-site employees holding a SkillCard as well as a broad spectrum of qualifications, which have been gained over time and as projects required them.

OPS, also has an ongoing policy to look to the future of the industry through active involvement in Modern Apprenticeship Scheme.

OPS is Gas Safe registered (No.186727) and have 6 registered operatives.

To assist in achieving compliance with Health & Safety obligations and employment law, OPS have appointed Citation PLC to act as advisors.

A selection of the type of certification held within the company follows and copies of the following are also available on request:

- CSCS Cards
- Gas Safe Cards
- Geberit Training Certificates
- IPAF Certificates
- Vulcathene Training Certificates
- PASMA Cards
- Site Management & Supervisor Training Certificates
